## Observations...

By the Editor  
Have you thought of making a contribution to the Brother Peter Memorial Christmas Tree Fund... Well the time is drawing close and we hope you think of the happiness you may bring to many a needy youngster when you contribute to such a worthwhile cause. Do not delay. Send your check to Brother Alexis, President of St. Stanislaus.

The sports editors of the New Orleans papers are doing much writing these days about teams which will probably participate in the Sugar Bowl Game of New Year's Day. We think they are overlooking a bet right in their midst. Tulane is one of the better teams in this section, defeated last by Alabama in their opening game by Notre Dame, and we think it these games were played at this time Tulane would win them. Tulane and Kentucky would be a game folks could talk about.

Speaking of football games, Bay High did themselves proud this past weekend, when they defeated Lucedale by a score of 21-20. This was their homecoming game, and believe us, the spirit of the Boosters Club and the old grads was high. The parade before the game was one of the best we have ever seen. The crowd at the game was one of the biggest, cars not able to get in the park were parked on N. cause Avenue on both sides as far as Esterbrook.

St. Stanislaus Rock-A-Chaws closed their season last Friday night with Gulf Coast Military Academy, winning by a score of 12-7. The Rocks have had a very successful season losing only to Foley and Bogalusa. This is quite different than the last few seasons. We want to congratulate Coaches Thames and Power, and the boys on the squad. It is beginning to look like old times again.

We are going to support Hugh White for governor. He served as governor from 1936 to 1940 and will go down in the history of Mississippi as one of its outstanding governors. It is our hope that he will be elected, and that he will have the honor of being the second man in the history of the state, to be named governor for a second term. The only other man so honored was the late Senator Theodore G. Bilbo. Hugh White is a big man, in business and in heart and will again make Mississippi an outstanding state.

## Bay High Has Its Homecoming

Sixty cars decorated in the school colors of blue and gold, formed the parade for Bay High's homecoming game Saturday night. The queen, Miss Irma Joan Lee, rode in the first car and wore a grey suit with carnation red accessories; she carried an arm bouquet of red carnations. Her maids, Misses Cecil McCaleb, Betty Culpepper and Shirley Davis wore green suits with brown accessories and Miss Helen Ruth Moran wore a beige suit with brown accessories all carried round bouquets of blue and gold flowers.

At the field, where the parade disbanded, the dukes, Billy Clapp captain, Bobby Clapp, Truman Schultz, Billy Ray, Bennett and Moyel Maskew, escorted the queen and maids to the center at half time where the captain placed the crown of flowers on the queen's head. The Pep Squad then formed a heart, and the band formed the arrow through the middle. Some acrobatic stunts were given by Kleya-Kay Miller, Gail Banderet and Beverly Miller.

At the end of the football game between Bay High and Lucedale which ended in a 21 to 20 victory for Bay High, a dance was enjoyed at the Bay High gymnasium. The decorations carried out the theme of Star Dust.

Upon arrival at the gymnasium, the dukes escorted the queen and the maids to the dance floor; the first dance was reserved for the court. George Kramer's orchestra furnished the music for the affair.

At the close of the Homecoming Dance the "B" club, which is made up of students who merited a B for their sportsmanship, entertained the Lucedale team and their dates at a dance at the Youth Center.

## Garden Clubs Will Meet

The Coast Council of Garden Clubs will meet Friday, December 1, at Gulf Park College at 2:00 p.m. The Long Beach Garden Club will be posted.

Mrs. Eugene Mogab, president, announced that Mrs. J. H. Beeman has been appointed co-chairman for the Gulf Coast Spring Pilgrimage.

## Eucharistic Conference Opens On Wednesday

### Elect Officers for SJA Carnival Ball

The first meeting of the Bay St. Louis Carnival Club was held at St. Joseph Academy Monday night. Committees for the ball, which will be held February 2, 1951, were named.

Dr. James A. Evans will serve as all over chairman of the ball; Mrs. Robert L. Camors was named vice chairman and Mrs. Evelyn Joyde is secretary. The court committee is composed of Walter J. Gex, Robert L. Hamilton, Mrs. E. M. Brigance, Dr. J. L. Griffin and Mrs. Camors.

Other chairman named were: decorating committee, Mrs. Gertrude Saucier; floor committee, Ed Carriere; advertising, H. W. LeTissier; music, Dan Russell; door committee, Warren J. Carver; flowers, Mrs. Alden Mauffray; tickets, Mrs. George Anderson; publicity, Mrs. C. D. Blair and Miss May H. Edwards; photography, Dr. M. J. Wolfe; check room, Mrs. Elizabeth Becker; and refreshments, Miss Louise Armstrong. These chairman were asked to select their own co-workers.

### President Stops All Aid To Hospitals

President Truman's stop order on new hospital construction seriously affects Mississippi.

A recent analysis of the stop order issued on new hospital construction in the United States shows that Mississippi has a number of projects that will suffer. Among these is the Ivy Memorial Hospital at West Point, of 50 beds, the site for which has been purchased and the plans and specifications completed. Estimated cost of the hospital is \$737,000. All federal funds available for this hospital were withdrawn and the project postponed indefinitely. The same is true of the Community Hospital at Pontotoc, of 30 beds, estimated cost \$207,000. The same is also true of the following hospitals and health centers:

Newton County Hospital, Newton, 40 beds, estimated cost \$683,000; Choctaw County Hospital, Ackerman, 23 beds, estimated cost \$286,000; Sharkey-Isaquina county Nurses Home, Rolling Fork, estimated cost \$70,000; Kings Daughters Hospital, Yazoo City, 60 beds, estimated cost \$730,000; Memorial Hospital at Gulfport, 100 beds, estimated cost \$1,132,000; Tom Bailey Memorial Clinic, Maben, estimated cost \$105,000; Kilnichael Clinic, Kilnichael, estimated cost \$113,000; Tallahatchie, County Health Center, Charleston, estimated cost \$50,000; Branch Health Center, Sumner, estimated cost \$32,000; Hinds County Branch Health Center, Bolton, estimated cost \$13,400; Hinds County Branch Health Center, Terry, estimated cost \$13,400; Jefferson County Health Center, Fayette, estimated cost \$2,200; and Jefferson Davis County Health Center, Prentiss, estimated cost \$39,000.

## Benny French Makes A Success Giving People The Bird

It's a long way from running a night club to playing nursemaid to 2,000 turkeys, but Benny French seems to have made the change without too much trouble. In fact, Benny is really enjoying his new business.

When he retired a few years ago, Benny decided he needed a hobby to keep him busy, so he became a shutter bug. With the aid of a dollar book on photography he began to take and develop pictures in a darkroom he built. Though Benny liked and still likes, photography, he found that he still had time on his hands. To remedy this situation he added a new hobby—turkey farming.

At first Benny hoped to raise just a couple of hundred turkeys which he would sell to neighbors

Final arrangements have been completed for the Diocesan Eucharistic Conference to be held here Wednesday. Msgr. A. J. Gmelch, who is in charge of the program, said that a large crowd is expected at the conference. Religious and the laity from all over the state will attend and take part in the conference.

The Most Reverend Richard O. Gerow, D. D., Bishop of Natchez, will officiate at the Solemn Pontifical Mass. The choir of St. Augustine's Seminary will sing the mass. The choir is under the direction of Brother Hubert Posena, S. V. D. Charles Henry will be at the organ.

Msgr. Gmelch will preside at the Holy Hour. Music will be by the Brothers' choir of St. Stanislaus under the direction of Brothers Elbert and Romuald. The organ will be played by Prof. Joseph Hammersbach.

### MSC Alumni To Meet

A permanent organization of the alumni of Mississippi Southern College in Hancock County will be set up at an alumni meeting to be held here December 5, at the Bay St. Louis High School cafeteria.

S. J. Ingram, superintendent of the Bay St. Louis schools, will be in charge of the meeting. Cooperating with Ingram in planning entertainment for the group are Professor T. J. Broadus and Coach Bennie Ray Nobles of the Bay High School.

### TREE FUND TO BRIGHTEN CHRISTMAS FOR MANY

The campaign to raise funds for the Brother Peter Christmas Tree officially got under way Wednesday. Two Sugar Bowl tickets will be given to some lucky donor to the Christmas Tree Fund.

Money raised in this campaign will be used to buy toys and Christmas candies for the poor children of Bay St. Louis and Hancock County. Last year over 1,200 children received gifts through the Brother Peter memorial fund. Plans are being made to increase the number of gifts this year.

Brother Alexis, chairman of the drive, stressed the importance of making contributions early so that definite arrangements for the gifts may be made.

The Brother Peter Christmas Tree Fund is an annual affair in honor of the late Brother Peter, former President of Saint Stanislaus, who inaugurated and developed it. Each year the boys of the college are most generous in their efforts to make this worthy cause a success. The people of Bay St. Louis and Hancock County will also have an opportunity to share in this great cause.

Proceeds from the annual Flea-Fly football classic will go to the Christmas fund. The game this

year will be played Sunday, December 3. Everyone who enjoys football should make it a point to see this game, because the Fleas and Flies really play big time football in spite of their size.

The names of those making contributions to the Brother Peter Christmas Tree Fund will be published in the Echo each week. Those wishing to make a donation to this worthy cause should send their contribution to Brother Alexis at St. Stanislaus.

## WE'RE FOR HUGH WHITE

The biggest news on the political front is the decision of Hugh White to become a candidate for Governor of Mississippi. He served as governor from 1936 to 1940, and under his administration the trek of industry to Mississippi started. It was he who sponsored the Balance Agriculture with Industry legislation, which has been the means of bringing to our state 100 new industrial enterprises since its adoption.

Upon leaving the governor's office, Hugh White did not step aside and become idle in the cause of Mississippi. He has continued the fight to industrialize the state, never forgetting the need of a well balanced agricultural program. He has accepted and is now serving as a member of the BAWI Board under the appointment of the present governor.

Hugh White is one of the biggest men in the state. Any time a man, whose financial position does not require it, can step out of the governor's office and condescend to accept a job as a legislator at the hands of his people, in order to be able to render a service to his county and state, we say that he has the interest of his people at heart. Hugh White served as representative from Marion County in the sessions of 1944-1948.

Many times we pictured Hugh White as a rich, arrogant individual who did not know the needs of the poor people of Mississippi and whose sole thought was the moneyed interest. This belief was completely erased from our minds when in the closing days of the 1944 legislative session, a bill was up for passage which would have placed the South Mississippi Charity Hospital at Laurel under the authorities of the City of Laurel and of Jones County, and which would have affected the admittance of charity patients in this hospital.

We were present at the time of the discussion of this bill. Several legislators from South Mississippi arose to speak against the passage of the act and among them was Hugh White, representative from Marion County and former governor. He completely annihilated the forces attempting to transfer the control of this hospital, and at the conclusion of his speech, the house overwhelmingly defeated the bill.

Hugh White stated in the discussion of this bill, that for eleven weeks he lay on a bed in a hospital at the point of death, with doctors and nurses at his head and call, and how he who had all of the necessities of life was able to have all of the care that medical science could offer, how he had suffered and how the thoughts ran through his mind at that time of the numbers of poor people throughout his state who did not have and could not secure the medical aid that was necessary for them. It was then that he pledged himself to devote his time and energy to aid and assist the poor people of his state to secure medical aid and hospitalization. This convinced us that Hugh White's heart was as big as his body, and that Mississippi needed more men of his type. Men with a spark of human kindness kindled in their heart.

Hugh White's heart is filled with human kindness and his mind is ever alert to the needs of Mississippi. It is our hope that the people of Mississippi, will again honor him by electing him governor of the state. He lives so much, affording him the opportunity to carry on the program near to his heart, that of having his state matching strides industrially and agriculturally with others of the nation.

We cast our lot with Hugh White for a bigger, better and greater Mississippi.

## KILN STUDENTS BUILD SCHOOL FENCE

Kiln Consolidated School boys, enrolled in grades eight through twelve, have completed a fence around the grounds, Gerald E. Guidroz, superintendent, announced today.

Aubrey M. Penton, vocational-agriculture instructor and supervisor of the veterans' program, planned the fencing project. Part of the work was done during vocational-agriculture class periods and part during study periods and off-time hours.

With the boys supervising much of the project and Mr. Penton directing operations in a general way, the fence forms part of a larger project to landscape the school grounds.

Money to finance the fencing was collected by the boys and girls through their basketball games and box supper.

Speaking for the Board of Trustees, Sylvester S. Moran, chairman, said: "The fence, planned by Mr. Penton, built by the boys, financed by the student body, and backed by the PTA, faculty and Board of Trustees is an example of what can be done through the American way of working together."

Under the direction of the faculty at large, an outdoor visual room, decorations in the classrooms and numerous other projects have been completed this year.

Plans for further improvements include sodding the lawn, building cattle gaps for both main gates, equipping the elementary playground, restoring the flower and plant nursery, and, among other things, possibly painting the gymnasium floor.

"Much of the work has been student-planned and student-executed," Mr. Penton said.

"The fence would not have been possible without the cooperation of many people," Mr. Guidroz added. "Many of the posts used were already on the campus. The boys and girls pitched in with a zeal that I have seldom seen anywhere. The hundred and fifty dollars which was the cost of the fence would hardly have done the job without their help. I cannot praise the students and their friends enough for the interest they are taking in their school."

Early in the year the students cleaned the building, which is operated only eight months out of the year, and which had collected quite a bit of dust during the summer.

### Art Group Meets

Much interest was aroused in the general study of art and its value in the meeting of the Gulf Coast Art Association held at Hotel Reed Friday night.

Miss Josephine Alfonso, president of the association, opened the meeting and presented Horace Russ, retired New Orleans art teacher and one of the founders of the New Orleans Art League. Mr. Russ led the discussion on art. Coming up for discussion was the value of foam and color in painting as to first and second place; adult and junior art and adult and junior craft as to the value of the study of either; modern art brought forth lengthy discussion as compared with the work of the old masters and talent displayed.

The value and great need of art being taught in the public schools of the coast was considered of great value from a standpoint of expression and character building.

Mr. Russ said that in order to establish art as part of the school curriculum, it would need to be a state wide program.

The prime object of the association, Mrs. Gertrude Sawyer, vice-president, said, is to arouse a coast wide interest in the study of art. The association, she added, is planning to have the entire exhibit of the association tour the coast, and have each town display its local work in conjunction with the pilgrimage of the Coast Garden clubs.

At the close of the meeting Mrs. Horace Russ and Mrs. Gladys Bartlett Jones, poured tea and coffee. The table was covered with a cut work linen cloth and centered with an arrangement of fall flowers.

Towns other than the host town, represented were Pass Christian, Gulfport, Hattiesburg and Biloxi.

## W. S. C. S. Is Hostess

### To Gulfport Group

The women's Society of Christian Service of Methodist Church had as their guests at the November meeting, held on Tuesday of this week, 30 members of the Gulfport W. S. C. S.

The society met at the church with Mrs. L. B. Bourgeois as hostess, co-hostesses were Mesdames George Schilling, E. E. Hannah and Paul Delouz.

The topic for study and discussion was "Health in a Rural Community." The devotional was led by Miss Florence Dixon with Mrs. Hannah and Mrs. T. P. Clapp participating.

Miss Adele Grant, head of the child welfare work in Hancock County, was guest speaker, discussing "Health in a Rural Community." Miss Grant talked fully of her own work with children and gave examples of the work in handling children's cases, especially those with special types of children. She told how this department of Public Welfare tried, in its work, to develop the physical, mental and spiritual health of the children.

## ORDINANCE NO. 128

An Ordinance to Protect the Industrial plants and Military Establishments of nearby cities against any probable Acts of Sabotage during the period of National Conflict of our Country against the Forces of Communism.

WHEREAS, the evil force of Communism continues to incite ruthless and unwarranted attacks upon weak and peace-loving nations; and

WHEREAS, the United States of America, as a leading member and exponent of the United Nations, has challenged the right of any aggressor nation to force its own way of life upon others by the use of brutal force and arms; and

WHEREAS, the City of Bay St. Louis has industrial plants and military establishments located within commuting distance of the community and which plants and establishments are vital to the cause of freedom and liberty of all those who wish to live in freedom and peace; and

WHEREAS, it is the interest and purpose of this ordinance to avert, by every cautionary and reasonable method, and act of sabotage attempted in these cities within commuting distance of this community which have industrial plants and military establishments by residents for this community who may commute daily to and from the said plants or establishments which would seriously disrupt or curtail the normal operation of said plants and establishments;

NOW, THEREFORE, Be It Ordained and Enacted by the City of Bay St. Louis, in Council, assembled, and it is hereby ordained and enacted by the authority of the same:

SECTION 1. That any person, group, association or corporation within the corporate limits of the City of Bay St. Louis who engages in activities designed to promote the principles of Communism as a substitute for our present form of democratic government, or who shall participate in any subversive activity within the City designed to hinder or curtail the normal and usual operation of the industrial plants and/or military establishments in nearby cities, shall, within five days after enactment of this ordinance, be required to report to the Mayor of the City of Bay St. Louis at the City Hall, and register with him such information as will adequately inform the Mayor as to the whereabouts of such person or association, and the type of activity engaged in.

SECTION 2. That any person, group, association or corporation who shall violate any of the provisions of this ordinance by the failure, omission or refusal to comply with same, shall upon conviction thereof be sentenced to pay a fine not exceeding Five Hundred Dollars (\$500.00), or in default thereof, (1) year, be committed to the City Jail for a period not exceeding one (1) year.

SECTION 3. That any ordinance, or part thereof, that may conflict with or be supplied by the foregoing be, and the same is hereby repealed.

The foregoing Ordinance having been first reduced to writing and in its present form and on motion of W. J. Carver, duly seconded, by J. Cyril Glover, same was considered section by section, and adopted section by section, and then as a whole, by vote on the final passage of said Ordinance was as follows:

Those voting Yea: W. J. Carver, J. Cyril Glover and Sylvan J. Ladner, Jr.

Those voting Nay: None.

ORDAINED, this 16th day of November, 1950, A. D.

ATTEST: J. Cyril Glover, Commissioner, (Signed), W. J. Carver, Mayor, (Signed), Sylvan J. Ladner, Jr., Commissioner, (Signed).

### Neat Sleight-of-Hand

THE SENATE commerce committee has pulled some neat sleight-of-hand to keep the taxpayers from finding out how much government money Pan American Airways is getting.

Under a senate resolution, the committee is supposed to examine the airmail subsidies paid to the airlines for hauling mail. What the senate wants to know is how much of this subsidy is legitimate compensation and how much pure government handout.

Yet, in defiance of the senate, the committee staff has quietly excluded Pan American Airways from the study. And, as a double precaution—believe it or not—it has hired Pan Am's accountants to make the survey.

Interesting fact is that the senate commerce committee is partly dominated by Sen. Owen Brewster of Maine, close friend of Pan American Airways. Brewster has traveled all over Latin America in Pan Am planes, also commuted between Washington and Maine in a special Pan Am plane and is now being investigated for tapping the wires of TWA's Howard Hughes on behalf of Pan American Airways.

What Brewster had to do with the recent maneuvering inside the senate commerce committee is not known. But it is known that the contract for the airmail-subsidy survey was awarded to Ernst and Ernst of New York City, which also was retained by Pan American for fees of \$109,000 in 1948 and \$157,000 in 1949. What is even more peculiar, Ernst and Ernst's bid was not the lowest, but one of the highest. Despite this, the committee staff awarded the contract to Ernst and Ernst for \$145,000—though other bids were submitted as low as \$70,000, for example, by Georgetown University. In other words, it is costing the taxpayers twice as much to hire Pan American's accountants.

### Tricky Word-Juggling

The commerce committee at first tried some tricky language to protect Pan American from the subsidy survey. This was written into the senate resolution by Edward Sweeney, the committee's aviation consultant, who called for a survey of "certified interstate and overseas air carrier operations."

By a technicality, this left out Pan American entirely, whose operations are classified by law as "foreign." However, West Virginia's alert Sen. Harley Kilgore caught this word-juggling.

"At first, I myself understood that the word 'overseas' covered the operation of all our planes flying abroad," he told the senate. "But it seems that the civil aeronautics act divided our planes into three classes instead of two. Overseas planes are defined as those which fly overseas to our island possessions."

As a result of Kilgore's vigilance, the senate unanimously changed the resolution to include Pan American. Despite this, the commerce committee has flagrantly ignored the senate mandate and has left Pan American out of the survey contract. The Hawaiian runs of Northwest and United Airlines are included, but Pan American's Hawaiian run is left out of the study by its wire-pulling friends on the senate commerce committee.

### Merry-Go-Round

Nine out of ten visitors at Lake Success want to see Mrs. Roosevelt, but have trouble asking for her committee by name (Social, Humanitarian, and Cultural committee). Often they ask "Is this the room where they hold human relations?" A committee chairman at Lake Success, scanning his list of speakers, announced: "I call now on the delegate of the Soviet Union and when he has finished speaking, all the delegates on my list will have been exhausted." The Soviets got a lot of publicity when they walked out of various U.N. agencies early this year. But they have avoided publicity in their back-tracking. Thus, few people outside U.N. are aware they have returned to the trusteeship council and the economic and social council. Fleet Admiral Nimitz has completed a country-wide speaking tour for the United Nations, and will leave the U.N. payroll at the end of this month. A great fighting man, he has now done a fine job for peace. Capitol Hill is still chortling over the way Sen. "Molotov" Malone of Nevada, Republican, challenged Sen. Scott Lucas of Illinois, Democrat, to a fist fight on the senate floor just before congress adjourned.

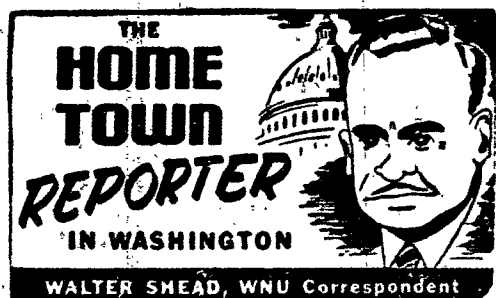

### Strange Appointment

A lawyer who helped torpedo the American plan to break up Nazi cartels is now assistant general counsel of the national production authority, the new defense agency with get-tough powers over industry. He is Richardson Bronson, named by an investigating commission as a key figure behind the dropping of the anti-decartelization plan. While in Germany Bronson worked hand in glove with Phillips Hawkins, son-in-law of Wall Street banker WU.

### RECEIVES DISCHARGE

Pfc. Lollice Charles Bilbo has been discharged from the U. S. Army. He was stationed at Fort Bragg, North Carolina.

—Mr. and Mrs. Englebee Peyton have moved to New Orleans where they will make their home in the future.

### A Year of Decision

THE YEAR 1950 will go down in recorded history as one of momentous decisions, the results of which only the future holds in the firm grip of destiny.

In the midst of the customary election confusion, Korean war news, inauguration of economic controls incident to military mobilization, military missions from twelve member nations of the North Atlantic Pact have been meeting here in Washington, causing little more than a ripple in this news-ridden city.

But behind these meetings, set in a lofty green and gold conference chamber of the inter-departmental auditorium on Constitution avenue, there is being settled the fate of nations and in all probability the destiny of the free world in a life and death struggle against Russian communism.

And in that struggle, the United States is committed to play a leading role in this new and dramatic fight for self-preservation, which in all likelihood will be the first step toward a centuries-old dream of a United States of Europe.

Grim visaged men sat in those historic meetings. These were men of war dedicated to band themselves together to keep the peace, if possible, but to pool their united strength against the common enemy—communism.

They were there from little Iceland, from our neighbor to the north, Canada, from the United Kingdom, from our ally France, from the Netherlands, from the Republic of Portugal, from Belgium, from tiny Luxembourg, from Italy, from Denmark, from the fords of Norway and from our own United States—led by five-star Gen. George C. Marshall, secretary of defense.

Amid the popping of flash bulbs, the white gleam of the klieg lights and the clicking of newsreel cameras, the tall scholarly looking Marshall, dignified, calm and speaking slowly, but firmly, welcomed the missions from the twelve countries. Then the businessmen and cameramen were chased from the room and under the utmost security precautions the history-making conference got underway. What the results of this conference will mean to the folks in the home towns of the country of course, will be more money, more armaments and probably five to six divisions of American boys along this nation's first line of defense, which is now moved to the Elbe river.

### First Epochal Event

But this is not the first epochal event of 1950—the first likely being the establishment of the economic union in Europe under the aegis of the Marshall Plan. The same Marshall who is now this nation's secretary of defense. And the second was the first army of the United Nations which victoriously prosecuted the Korean war under the leadership of Gen. Douglas MacArthur, and which gained the United Nations tremendous prestige and a more united support from the free world than ever before.

### Truman Speech Praised

Added to this is the fact that there is general agreement here that the speech of President Truman before the United Nations on October 24, will go down in history as one of the finest state papers of record—that his pronouncements on that occasion offered more light and more hope to troubled peoples throughout the world in the age-old fight for freedom and liberty. This is indeed the year of decision, in which it will be decided whether the world is free or shackled.

### Void Hard to Fill

This reporter was one of those privileged to know and to talk often with Albert S. Goss, who died unexpectedly as he was about to deliver an address at the Waldorf-Astoria hotel in New York. His passing from the Washington scene, as master of the National Grange will leave a void difficult to fill, for Mr. Goss was one of those unselfish men, unselfish of his strength and ability, who literally gave his life to the cause of agriculture. He had a gift for organization, and to draw to him the loyalty and love of those surrounding him and his statesmanship on the agricultural field in Washington will be sorely missed.

### FAO Having Trouble

The United Nations food and agricultural organization is having its troubles in session here. Some are of the opinion that it is merely "growing pains," but there are others within the organization who would like to see FAO become only a statistical organization and play a role similar to the pre-war organization known as the International Institute of Agriculture. The American delegation however, believes FAO should take action.

### MARRIED SATURDAY

Miss Edith Favre, daughter of Mr. and Mrs. Cameron Favre, and Frank Davis, were married in Gulfport Saturday, November 18. Mrs. Dorothy Haas and Everett Jordin stood for the couple. Mr. and Mrs. Davis will make their home in Waveland.

## BROADWAY AND MAIN STREET Professional Blind Man Plays The Game to the Very Finish

By BILLY ROSE

Last night, in a mood for malt and malarkey, I stopped in to chin with Sammy Fuchs, proprietor of the Bowery Follies and honorary mayor of that unwashed neck of the Manhattan woods.

"What's new and gruesome in your bawliwick?" I asked mine host.

"Nothing much," said Sammy, "except that Faker Kennedy died last week and left his eyes to a bartender down the block."

"Come again!" I said.

According to Sammy, the Faker was a professional blind man who

had been rattling a tin cup on the Bowery for as long as he could remember. In spite of his calling, however, it was a standing joke around the flophouses that the cane-tapper could shoot off a bug's ear at a hundred paces.

"We used to kid Kennedy about his blindness," said a kid Sammy, "but he never let it was an act—if it was an act. And we were never sure because no one ever saw the old coot without his smoked glasses."

"Down at Gargan's Bar where the Faker used to hang out after hours," Sammy continued, "the proprietor had a kind of running gag at the bum's expense."

"When you die," he used to say, "will me your eyes. Mine are gettin' pretty tired from lookin' at the sawdust."

"I'll leave 'em to ya, Gargan," was the Faker's stock answer. "And they'll come in handy if ya ever want to play marbles."

"That's about how the talk went until one night not long ago when a couple of stick-up-men walked into Gargan's and lined the customers up against the wall—all except the Faker who didn't budge from his usual place at the end of the bar."

"After the punks had cleaned out the register and what little was in the customers' pockets, one of them walked up to the Faker and jabbed a gun in his ribs."

"You wouldn't take pennies from a blind man, would ya?" said Kennedy.

"Don't gimme that pennies."

## Asking Aid For Mental Patients

Jackson, Miss., November 24. An appeal to all civic and service clubs church groups and individuals in this state to consider the 5740 patients of state mental institutions in their Christmas planning this year was issued today.

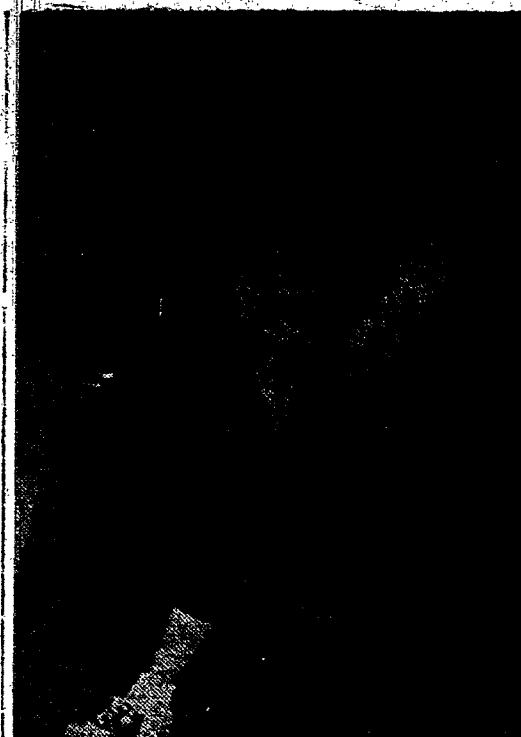

W. D. Hilton, Executive Secretary of the Board of Trustees of Mental Institutions, said a large number of the patients will not receive gifts, unless the people remember them.

There are approximately 4300 patients at the Mississippi State Hospital, Whitfield, 740 at the East Mississippi State Hospital, Meridian, and 700 at the Ellisville State School, Ellisville, Mississippi. "These folks look forward to Christmas," Hilton said. "The institution gives each patient a Red Stocking filled with fruits, candies and nuts, and a Turkey Dinner each year—but there is no provision for gifts."

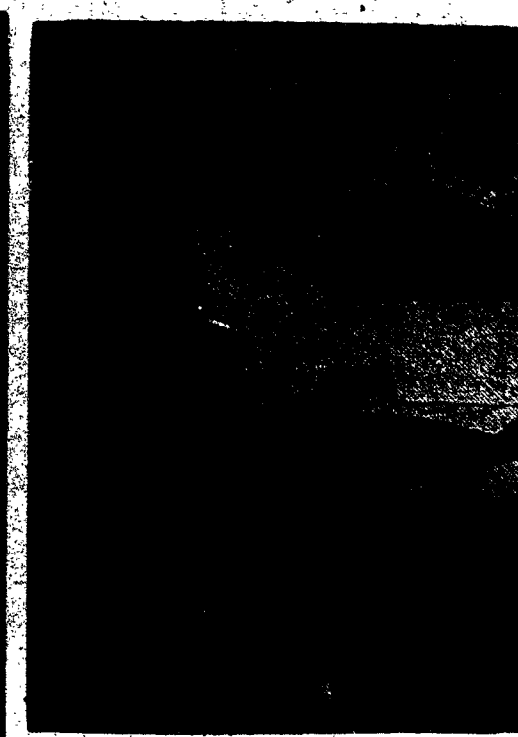

Small radio sets, record players, or even a piano will be welcomed by the institutions, since music is one of the finest of morale-builders.

Clothing, games, fiction, magazines and most any sort of gift will be appreciated. The gifts will be distributed to the patient of your choice, if so designated, otherwise the gifts will be distributed by the Director. Either mail the gift direct to the institution, or to the Board of Trustees of Mental Institutions, 1404 Woolfolk State Office Building, Jackson, Mississippi, or if a truck load is subscribed by a community or a group the Board of Trustees will send for it at any point in the State. Perishables should be plainly marked so that they may be refrigerated.

Our patients appreciate outside gifts and since many do not receive presents we believe a spontaneous move on the part of the public will be in keeping with Christmas Spirit.

Jeanne Taillac, better known as "Nunie", is the advertising manager of the St. Joseph Academy SEA SPRITE. Nunie has been a student at the academy for 12 years, and her ambition is to be a dancing teacher.

Betty Vassalli is an outstanding forward on the academy basketball team and also an advertising manager of the SEA SPRITE. Though basketball is her favorite sport, she likes other sports too, especially sailing.

Lucia Metzler of Logtown is the editor of the student newspaper at St. Joseph Academy. She is an honor student and hopes to pursue a business career and later enter the field of journalism.

Miss Ford was wearing a tomato red gabardine dress. Mrs. Bernard Blaize poured coffee and Mrs. A. O. Hoefel poured sherry.

Guests present were Mesdames Leo G. Ford, Mimi Lewis, grandmother of the honoree, Larry Larroux, Bernard A. Blaize, Lucien Gex, Walter Gex Jr., H. A. Elledge, E. J. Arceneaux, Sr., Robert L. Camers, N. M. Dick, Roger Boh, Frank Nemeth of Jackson, Mississippi, J. C. Clark of Belzoni.

## GUESTS OF GARRIGAS

Mr. and Mrs. Latham Garriga had as their dinner guests this past Sunday Mr. and Mrs. D. M. Ladner and children, Beverly and Arleen, and Mrs. Ladner's nephew, Joe, of Pass Christian; Mrs. Emmett Ladner and daughter, Kathy Marie, Lt. and Mrs. H. G. Ward and daughter, Connie, Mr. and Mrs. Lester Garriga and guests, Charles Genin and son, Herbert, and Mrs. Lula Bangard.

## Miss Marie Parker Honored at Shower

Miss Marie Parker, a bride-elect of Sunday, was honored at a miscellaneous shower Monday, November 20, given by Mrs. Walter Parker at the home of Mrs. Nolan Kingston.

Miss Pansy Parker assisted her sister in opening her many gifts. Mrs. Sam Peterson Jr. and Mrs. Kingston assisted Mrs. Parker in serving hot chocolate, cake and fudge to the guests.

Those attending, were Misses Mary Margaret Johnson, Joyce and Myra Peterson, Marcella Kingston, Betty Morris, Lynell and Mary Alice Heitzmann and Pansy Parker, Mesdames George Scherer, John Egloff, E. K. Peyton, Givens Jones, Bernard Leporte, Magie Peterson, Sam Peterson Jr., Albert Heitzmann Jr., August Schindler, Sanford Green, John Daurio and Clarence Hebert.

## To Make Education Survey December 1 To 15

The citizens of Mississippi will be given an opportunity to express their opinions about the schools of this state, through a survey, to be conducted and completed between December 1 and 15, 1950, by the Mississippi Citizens' Council on Education.

In making the above announcement, President Robert D. Morrow of Brandon, said, "This survey will be made by Mississippians and is of vital concern to educational planning and procedures in our school system, to assure the best possible instruction, training and facilities, for our youth of today and tomorrow."

This survey will be accomplished by the Council member organization and their respective local units as follows: Mississippi Press Association, Mississippi Broadcasters Association, Mississippi Congress of Parents and Teachers, The American Legion, The American Legion Auxiliary, 40 & 8 Veterans of Foreign Wars, Mississippi Farm Bureau Federation, Congress of Industrial Organizations, American Federation of Labor, The Railway Brotherhoods, Mississippi Education Association, The State Department of Education, Mississippi Delta Council, East Mississippi Council Gulf Coast Council, Mississippi Economic Council, Business and Professional Women, Mississippi Women's Cabinet of Public Affairs, Mississippi Junior Chamber of Commerce and other interested agencies.

## Mrs. E. A. Allen Resigns From P. T. A.

When the Parent Teachers Association met Thursday night, November 16, a proposed budget for the 1950-51 session was presented by Mrs. E. A. Allen, president of the organization, for the consideration and vote of the group.

Mrs. Allen explained that the proposed budget was prepared by the Executive Board after they met to discuss how available P. T. A. funds might best be distributed to fill the greatest needs of the school and to further the strength of the local P. T. A. Chapter.

The proposed budget was unanimously approved on the following items:

Refreshments for balance of year.....\$15.00  
Postage, cards, gratuities, etc.....16.50  
Miscellaneous questionnaire.....2.50  
P. T. fund.....5.00  
Cafeteria fund.....5.00  
Girl Scouts.....10.00  
Christmas fund for school children.....35.00  
Funds for high school projector.....12.00  
Records for grade school music.....12.00

The proposed budget called for a gift of \$60 to be used as a starter fund toward the installation of a public address system in the school gymnasium. The proposed budget also called for a balance of \$50 to be left in the bank for use of the in-coming president for the 1951-52 session, with a balance of \$38.62 left in the treasury for miscellaneous expenditures.

Over-riding the recommendations of the president, Mrs. W. R. Terrell, proposed that the gift toward the public address system for the gym be increased to \$100. This recommendation was seconded and voted upon with the majority of those present at the meeting voting in favor of the increase.

A check amounting to \$125.00 was presented to Supt. Frank L. French by the P. T. A. to be used toward the completion of the ladies lounge in the gymnasium.

A count of representatives for each room showed a tie between the second and third grades. At each P. T. A. meeting a banner is awarded the room with the largest number of parents in attendance.

After the close of the business session, Mrs. Ruth Mathis, program chairman, presented Mr. David H. Wainwright, master of ceremonies for the evening. First on the program came Dr. Wesley W. Lake's discussion "Heart Disease In The School Age Child."

Second on the program was William V. Robinson, secretary of the school board. Robinson discussed recreational facilities, the facilities available to the townspeople now and the ones needed. Discussing the great strides in recreational facilities in the schools he stated that there is many a man now in this community with only an eighth grade education who would have his high school diploma had there been the proper recreational facilities in his school days.

Bish Mathis held the attention of the audience with his discussion, "Alcoholism As A Community Problem."

Following the program Mrs. Donald Demetz, chairman of hospitality, invited the group to the Home Economics Department where coffee was poured by Mrs. Robert Demetz and tea poured by Mrs. Warren Adam.

## LETTER OF RESIGNATION

Mrs. E. A. Allen, President of the P. T. A. has tendered a letter of resignation to all members of Pass Christian Parent Teachers Association addressed to Mrs. John Demetz, secretary of the organization.

In her letter Mrs. Allen expressed appreciation to the group for the confidence given her when she was elected to the office of president for the 1950-51 session, stating that she is heartily in accord with the fine purposes and aims of this outstanding organization. "With unity of purpose," said Mrs. Allen, "I know of no organization that can do greater good for children and all people." Mrs. Allen reviewed the accomplishments of the first quarter of this session referring to the jumping membership from 43 enrolled last

year to approximately 140 this year, and also to the closer relationship of the school and community as evidenced by the teacher's reception given by the Rotary Club, the teacher's dinner, given by the Yacht Club, the paper and pencil bank and the supply of kleenex established by the women's Civic League, the Booklets on health given by the Lions Club and the numerous letters of appreciation expressed by the citizenry.

The following is an excerpt from the president's letter of resignation which was handed your editor for publication:

Quote "Our first quarter was successful because we were in accord—and there was unity of purpose. Where there is unity there is strength."

"As you know, our budget for 1950-51 has been approved. By increasing the gift toward the loud speaker by \$40 over the suggested \$60 our funds for strengthening our local unit and carrying on our work are virtually exhausted. The P. T. A. is not designed as a fund-raising organization. Our work is to improve the health of school children, to train workers that our organization may be strengthened, to study the community in the light of what a Parent-Teacher Association can do to make for child welfare."

Since these goals cannot be attained this year, due to our exhausted budget, I can see no useful purpose that I can accomplish as your president. I, therefore, hand you this, my resignation from the president's office to be effective immediately. With all good wishes.

(Signed) Mrs. E. A. Allen  
"P. S. Please know that I am still deeply interested in the P. T. A. and it is my very real interest in the organization that prompts this resignation. I have often thought how much better world we would have—and how much more we would accomplish if our leaders would have the gumption to quit 'leading' when they came to realization that they weren't being 'followed' and thus make way for new leadership and new progress. Unquote."

This letter was dated November 19, 1950.

Mrs. O. R. Heistand has accepted a position as a music teacher at the Pass Christian Public School. The school has announced that this is a big step towards the rounding out of a music department and hopes were expressed that in the near future the school will be able to resume band training.

## Killed In Action

Word has been received by Mrs. Katherine Canon from the Adjutant General of the Army that her son, PFC. James N. Canon, Jr., aged 19, was killed in action in Korea November 5, 1950.

## Garden Club Meets

The Pass Christian Garden Club met Thursday, November 16, at Trinity Parish House with Mrs. Dorothy Dennis presiding.

Mrs. Dennis reported that the colored Garden Club, which is sponsored by the Pass Christian club, held its organizational meeting October 29, and the first regular meeting was held November 1, at Randolph High School. The purpose of the newly named Azalea Garden Club will be to beautify the gardens of the members and the Randolph High School grounds. Officers will be announced later.

The speaker for the afternoon was Harry H. Smith, a prominent Mobile, Alabama attorney, who, with his son, is the largest grower of Camellias in the world. Smith showed his collection of colored slides of Camellias and pointed out the characteristics of each variety.

Mrs. and Mrs. Warren Adam and their children, accompanied by Mrs. E. J. Adams, Jr., motored to Bogalusa, La., Saturday, to visit Mr. and Mrs. W. F. Simmons and children. Mrs. Simmons is the former Miss Katherine Adams of this city.

## CONGRATULATIONS

To the St. Joseph's Shamrocks who were awarded the trophy as winners of the Basketball tournament held at D'Iberville. Superintendent M. M. McMullen is shown presenting the trophy to Edward Reid, captain of the St. Joseph's school team, Saturday night at the close of the invitational tournament. Under the expert direction of Coach Edwards, the Shamrocks made a record of 13 wins this season out of 14 games.

The Trinity Guild has announced that tickets will soon be on sale for the Christmas Bazaar and turkey supper to be held December 9 at the Parish House.

Johnny Greco and Jimmie Simpson were home from college over the weekend and motored to Baton Rouge, La. to attend the L. S. U.-Mississippi State football game.

Miss Rosalee Ambler, who is employed at the Naval Base at Pascagoula, Florida, visited her father, P. S. Ambler, and the Knott family over the weekend.

## INSTALL ORGAN

Saturday afternoon a new Hammond organ was installed in the choir at St. Paul's Catholic Church and was enjoyed by all attending Sunday Mass.

Mrs. Lelia Courtenay and Mr. Tom Bourdin are the organists at the church.

Henry Hayden, Miss Patsy Hayden, and Mrs. Annie Schorr left Thursday morning for Memphis, Tennessee, where they will visit for the holidays with Mr. and Mrs. Arthur C. Apfel and children. Mrs. Apfel is the former Miss Alma Margaret Hayden of this city.

Lionel Keel, son of Mr. and Mrs. A. M. Keel, of 218 East Second Street, has enlisted in the U. S. Navy. Lionel passed his physical examination in New Orleans, and left last week for San Diego, Calif., where he will take his boot training.

Lionell attended St. Joseph's Catholic School for eleven years and graduated from Pass Christian.

## Carroll Gartin To Run For Lt. Governor

Carroll Gartin, whose record as a public official is endorsed through his unopposed tenure of the mayor's office in Laurel, since 1946, is announcing today his candidacy for the office of Lieutenant Governor of Mississippi. His service to his country post-dates 1946, however, for he entered the Army as a private in World War Two, and served five years, two of which were overseas. He is now thirty-seven years old.

Mr. Gartin was born and reared in Meridian, Mississippi, where he was graduated from high school. He came to Jones County Junior College from Meridian, and studied law at the Jackson Law School and at the University of Mississippi. In 1936 he moved to Laurel, and through his qualities of leadership has become an outstanding citizen of Jones County and of the state.

As mayor of Laurel he has supported a program for new school construction and re-modeling. During his administration the public school appropriation has been almost doubled. During the years he has been at the city hall the street paving of Laurel has been greatly improved and extended, sewerage has been extended into neglected parts of the city, water lines have been lengthened to include sectors formerly forgotten dark streets have been lighted, the municipal airport has been improved and 1240 acres of adjoining residential property have been incorporated and developed in the city limits. A start has been made toward reducing taxes.

Mr. Gartin is a Baptist by faith, is a trustee of Mississippi College and serves on the board of trustees for Mississippi's mental institutions. He is a "joiner" by nature, being "naturally" genial and fond of mixing with people. He is a Mason, a member of the Eastern Star, a Shriner,

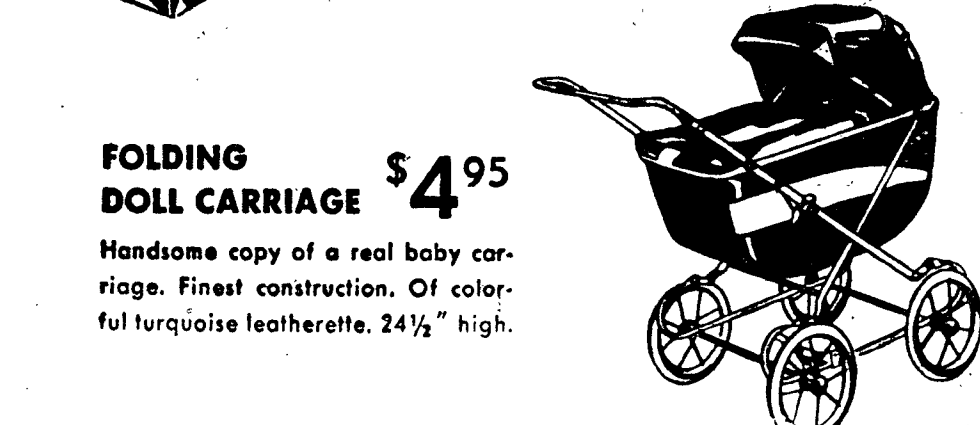

member of the Odd Fellow and Rebecca lodges, is a Knight of Pythias, and a member of the Laurel Exchange Club. Mr. Gartin is an active member of the American Legion and the Veterans of Foreign Wars. In 1947 he was voted by his neighbors and fellow citizens the outstanding citizen of Laurel. He is married to the former Miss Janie Gavin of Stafford Springs, and is the father of two children.

He brings to the political scene a new personality, a fresh viewpoint, a firm and optimistic faith in Mississippi's future, which he sees unfolding in this critical period of the South's history. He is offering his vitality, his capabilities, and his faith to the service of his State in a genuine ambition to be Lieutenant Governor.

Mr. and Mrs. A. L. Mack of New Orleans spent the past weekend at their home on Forrest St.

The community wishes to express their sympathy to the family of the late Carlos Ladner.

## Hayden Campbell To Enter Race For Lieut. - Governor

HAYDEN CAMPBELL

Announcement was made in Jackson this week by Hayden Campbell, member of the Legislature from Hinds County, that he will be a candidate for Lieutenant-Governor in the Democratic primaries next summer. Mr. Campbell is widely known for his "one-man investigation" of the Mississippi State Hospital at Whitfield in 1948 and his eleven months fight to clean up the institution. His investigation resulted in a complete reorganization of the hospital and the appointment of new heads of the institution. He is also known throughout the state for his leadership and crusade for the establishment of a 4-Year Medical College and hospital program in the state. The recent session of the Legislature passed the \$9,000,000 4-Year Medical College and Teaching hospital which is to be located in Jackson.

Hayden Campbell was a staunch supporter of the 1948 road program passed by the 1950 Session.

Mr. Campbell is editor of a state-wide Farm and Forestry weekly newspaper.

"HELLO, JANE.  
WE GOT OUR TELEPHONE!"

This happens more than 200 times a week in Rural Mississippi . . .

What a thrill—that first call over a new farm telephone! It marks the beginning of a new era in convenience and social contacts on the farm.

It's a thrill that is happening in rural Mississippi more than 800 times a month as we construct lines and install telephones at the fastest rate in history.

We've already spent approximately \$7,000,000 for expanding rural telephone service in Mississippi in the last 5 years and we're now building faster than ever. Mississippi covers a lot of territory, and filling its large and growing demand for farm telephone service is a big and expensive job. But we're working hard at that job and making substantial progress.

## SELL TREES in finished form.

Fine furniture is a forest product too. The chairs and tables and chests that furnish your home had their beginning in a green and growing forest. Each is a persuasive and potent argument for protecting America's forest land against fire.

For more than 300 years skilled craftsmen have been making furniture of wood harvested from America's forests. Those same forests will produce trees on a perpetual basis if protected from fire and managed properly. Remember, today's green and growing trees will supply the wood needed for tomorrow's fine furniture if man will help them grow.

## Put Personal Touch In Xmas Gifts

By MISS MADGE ALLRED

With the Thanksgiving holidays almost over, we realize that Christmas will soon be here. You need not have a lot of fancy trimmings or a lot of expensive gifts to make Christmas the magic-making season when hearts are high, holly everywhere, and the postman staggers under the heavy load.

Anybody can rush out and buy a batch of last minute gifts the day before Christmas, but that is not really the spirit of Christmas. And what a walloping that gives the family budget. A gift you make yourself says "Merry Christmas" the heartiest way.

Nothing is more acceptable than a small gift with some of the giver's handwork. Cutwork makes a beautiful design on household linens, table runners, luncheon sets. A firm linen is best for cutwork, otherwise the material frays when the space is cut.

White or colored linens with matching thread for cutwork have been the tradition in the past. Actually the charm of the work lies in the design and technique, which does not call for color to enhance its beauty.

If you think color would suit the person you want to make a gift of, what about a luncheon set or other household linens and accessories. Color is good also in the little lingerie touches as collars, cuffs, and belts with which we perk up our wardrobe. Nothing would be lovelier than a dicky or collar or cuff set with bits of colorful stitchery.

Velvet in the scrap bag can be cut on the bias, stitched and turned, cut the desired length, and a colorful bunch of small posies added to each end, and "presto" you have a smart tie to wear with an otherwise colorless outfit.

Nothing adds a more becoming note to the tall, slender girl's solid colored costumes than a cumberbund of belt in color. These can be made and given touches of color with scraps of wool, embroidery thread, bits of leather lacing for the more tailored costumes, and colorful checks, stripes and plaids.

An inexpensive, but beautiful evening bag can be made from velvet or velveteen. Try a small envelope-type with a bit of shirring for texture interest and two small jeweled clips.

Beautiful evening handkerchiefs can be done with textile paints on chiffon and georgette. Many of us have found our supply of handkerchiefs dwindling of late and hesitate to pay high prices now asked for these bits of linen that add so much to costume. So why not spend some

odd moments making a few of these decorative and useful squares.

You may have some pieces of linen or fine cotton cotton put away. White is always good and pastel shades of peach, aqua, and yellow are especially attractive.

A yard of linen 36 inches wide make nine handkerchiefs 12 inches square, which is a good medium size. Measure the yard of linen off in 12 squares, pull thread each way, cut where the thread was pulled and you have perfect squares cut on the grain.

## Mississippi Story Featured On NBC

New York — Mississippi will figure prominently in the Du Pont "Calvario of America" program Tuesday, November 28 at 8 p. m., EST, over NBC when an untold incident in Jefferson Davis' life will be dramatized for a nation-wide radio audience.

Screen actress Dorothy McGuire will star as Davis' daughter, Winnie, who let her love of the South lead the death knell to her own romance with a Northern newspaperman, in the drama, entitled "The Rose and the Thorns."

The action takes place in Biloxi, Mississippi in 1885. It is 20 years after the dread days of the Civil War, but the townspeople of this Confederate stronghold still feel hatred and antagonism toward the Union.

At Beauvoir—an estate near Biloxi—Jefferson Davis, the man whose lot it had been to guide the destinies of the New South, is busy writing a history of the Confederacy. Helping him is his daughter, Winnie, who is trying to put into words her father's dream—to have people know him as a courageous leader rather than a Mississippi planter who briefly tasted fame as President of the ill-fated Southern Confederacy.

When Alfred Wilkerson, journalist for the New York World, comes to Biloxi to interview Davis, Winnie promptly falls in love with the handsome young Northerner.

"The Rose and the Thorns" goes on to tell the dramatic story of a girl torn between her romantic choice and the principles upon which she has been reared.

—Mr. and Mrs. Robert Camors and family spent Thanksgiving with Mrs. Camors' parents, Mr. and Mrs. C. Bourgeois, at Jeanette, Louisiana.

Howard "Red" Davis of Pearl-Longton received the most valuable player award in an Army-Navy football game played in Pearl Harbor recently. He is the son of Mr. and Mrs. Horace Davis.

Davis played two years for the Bay High Tigers, and is now playing with the Pearl Harbor Marines at Honolulu. Pfc. Davis served with the Marines in Tsingtao, China, before being transferred to Pearl Harbor.

## City Echoes

—Mrs. Adolph Schreck is ill at her home on Carroll avenue. Her daughter Miss Ruth Schreck is with her.

—Mrs. J. C. Roland Sr. is a patient at the Kings Daughters Hospital. She is reported to be improving.

—Mrs. W. W. Webre has returned from the Mississippi Southern Infirmary, Hattiesburg, where she has been for medical treatment. Mrs. Webre is somewhat improved.

## COUNTY AGENT'S NOTES

## Rats Are Big Expense To Farmers

By HOWARD SIMMONS

Rats will eat and destroy enough feed for several head of livestock on the average farm. Good rat control can be expected with a new rodenticide called Warfarin.

Relatively safe when used according to directions, Warfarin kills by causing internal hemorrhage after rats feed several days on bait. Rats do not become "baitish" with this material.

Warfarin baits can be bought either as a 0.5 percent powder, or in bait forms ready for use.

Coarsely ground yellow cornmeal is the most satisfactory bait to mix with Warfarin. Thoroughly mix one pound of 0.5 percent Warfarin by weight with 19 pounds of yellow cornmeal, which is about the same as one level tablespoonful of Warfarin to a cupful of the cornmeal.

If mice or black rats are causing trouble, add up to five percent by weight of sugar to the bait.

For rats, place about one cupful of bait in shallow, open containers put where rats feed. For mice inside the house, place one tablespoonful in each container.

Examine bait stations each day and refill when necessary. Rats have to eat bait several days in succession to kill them.

## HOG PARASITES

Intestinal parasites, particularly large roundworms and kidney worms, are a big profit eater in Mississippi produced hogs. Besides slowing the rate of gain, worms cause loss of meat when the animals are marketed.

Most effective control is to provide a good pasture for hogs, especially pigs. Pigs should be wormed at weaning when they are eight weeks of age.

Sows and pigs raised in small muddy lots easily become infested with roundworms and it is almost impossible to clean them out. Once infested, the hogs make slow gains, but still eat much feed.

It is difficult to completely eliminate worms from a swine herd, but they can be controlled to the point where they do little damage.

—Mr. A. H. Powell of New Orleans spent the past weekend as the guest of Mrs. Maitre.

## POLIO ON INCREASE WITH 27 NEW CASES

Twenty-seven new cases of polio from sixteen counties were reported from the State Board of Health for the first ten days of November, bringing the year's total to 354. "The continued high incidence of polio for this season of the year is unprecedented in Mississippi," said Dr. Felix J. Underwood, Executive Officer, State Board of Health. "We cannot predict when it will slow down. The year's total cases may reach 400. This has been our most severe outbreak of polio in history," Dr. Underwood continued. "Seventy-two counties have been hit by the disease."

Eighty-five patients are now under treatment at the National Foundation's polio centers in Vicksburg, according to Esther Helm, State Representative of the National Foundation for Infantile Paralysis. The National Foundation has sent \$110,000.00 in epidemic aid funds to Mississippi County Chapters whose local March of Dimes funds have been used in paying for patient care.

—Mr. and Mrs. E. M. Brignac Sr., joined their son, Eddie, in Memphis, Tennessee over the week end.

—Mr. and Mrs. Robert Camors have as their guest for several days Mrs. Camors' aunt, Mrs. Jasper Goodwill, of Minden, Louisiana.

—Mr. and Mrs. Louis Betzer and Mr. and Mrs. Ray Sanford of New Orleans visited Mr. and Mrs. M. L. Ansley Sunday.

—Miss Carolyn Callico of New Orleans spent the weekend with Miss Myrtle Cook. While here she attended the Homecoming game and dance at Bay High.

## Watch The Dangerous Age

"What does the 'dangerous age' mean?"

Col. T. B. Birdsong asked the question today in connection with the Highway Patrol's November program of traffic safety education.

The dangerous age—or ages—in traffic according to Col. Birdsong are below 15 and over 65, for it is among these two age groups that pedestrian fatalities are greatest.

The November program of traffic safety education in Mississippi has pedestrian protection as its theme. Activities this month are being sponsored by the Highway Patrol, and coordinated with the efforts of the National Safety Council by the Patrol.

"According to the National Safety Council's figures," Birdsong said, "about 2,000 children under the age of 15 are killed as pedestrians each year. This figure is about 50 per cent higher, as a rule, than the number of 15 to 24-year-olds meeting the same fate."

In actual deaths, however, the Patrol said that pedestrians over 65 years of age have the highest rate. Based on the number of pedestrian injuries and deaths in this over-64 group, it was found in one typical year that one out of every eight of these elderly pedestrians, who were injured while walking, died as a result of the accident.

This, Col. Birdsong pointed out, is even more lopsided than it seems at first glance when one considers the comparatively small percentage of our population falling within this advanced age group.

"The reasons for this over-abundance of pedestrian deaths in these two groups are fairly obvious," Birdsong said. "Aged pedestrians are less able to protect themselves in traffic—in many cases their sight, hearing, and reaction time are inadequate for dealing successfully with present-day traffic. When injured they are far less likely to recover."

"On the other hand," he continued, "children under 15 owe their high pedestrian death rate to two major causes: crossing between intersections and playing in the roadway."

While a large part of the blame for the deaths in these two age groups can be laid at the feet of the pedestrians themselves, the Patrol feels that—particularly with these two age groups—the motorists are in large part liable because of the relative helplessness or immaturity of the pedestrians.

Educating the youngsters and elderly people to safer habits will save many of their lives, but, as the National Safety Council says,

## White House Meeting Set For December 3-7

The Midcentury White House Conference on Children and Youth will be held in Washington, D. C., December 3-7. Purpose of the Conference this year is to solve at least partially the following problems: (1) How children can be helped to develop the mental, emotional, and spiritual qualities essential for individual happiness and responsible citizenship; and (2) What physical, economic, and social conditions are necessary for this development.

It is fitting that interested citizens of the United States bring together in usable form our present knowledge about children—their physical, mental, emotional, and moral development—and identify areas in which further knowledge and the application of that knowledge is badly needed. This Midcentury Conference will point up the needs of parents in providing more adequately for their children and will suggest ways of helping them do a better job of child rearing. This great White House Conference will size up current services for children, point out the many gaps in essential services, and map the direction in which services must develop in order that our children be given the opportunity they need and deserve.

Many Conference recommendations

the responsibility is also handed to the motorist as soon as he applies for his driver's license

tions will be made on the basis of current and anticipated future needs in the field of child health and welfare. It is the hope of this writer that, as a result of this Midcentury Conference, the 1960 White House Conference will be justified in reporting many improvements in child health throughout the nation.

## Is The Catholic Church A MENACE TO DEMOCRACY?

Every now and then a false rumor about the Catholic Church gets into circulation and—for a time—fools a lot of people.

Usually such rumors die out when fair-minded people learn the truth. But some of them pop up again like "ghosts" out of the distant past, to deceive people who have not heard them before.

The one most prevalent today is that "American freedom is in danger from the anti-democratic program of the Roman hierarchy." This, to some people, will sound new and alarming. Actually, it is nothing new about it.

Catholics of a century ago had the same "alarm"...that the Church was hostile to our form of government—that she was anti-republican in spirit and influence—that she would disregard our free institutions and deprive us of our government.

Even those who do not understand the teaching and practices of the Catholic Church will have to admit the falsity of this rumor...for the evidence of a hundred years contradicts it in every particular. The Catholic people always have stood shoulder-to-shoulder with their non-Catholic fellow-citizens in building and defending our liberty and free institutions.

The rumor of today...like the rumor of a hundred years ago...does not claim that the Catholic Church is harmful to men's souls. It does not claim that the Church

challenges the salvation of mankind. Its entire objection is that the Church is hostile to our political and social institutions.

In this there is a remarkable resemblance to the "alarm" sounded against Jesus Christ Himself.

"If we let this man go," said the Savior's critics, "the Romans will come and take away our freedom and our nation."

Some think that Catholics should get their blood pressure up and reply angrily to these rumors. This is not necessary. We know that the American people of all faiths...with their traditional sense of justice...will boot this ghost back into its closet without our help.

Free But if you would like to know the Catholic attitude toward democratic freedom, our form of self-government, and the rights of the State and the individual, write today for free pamphlet on the subject. Just ask for Pamphlet No. KC-21.

## Know Your Town

This is the last of a series of articles on the recent survey "Know Your Town", made by the Provisional League of Women Voters of Hancock County.

**POLICE PROTECTION**  
There are three officers and one chief of police, all of whom are appointed by the mayor and commissioner, and are under their direct control. No specific qualifications are laid down for policemen, but each new employee is given a training course through an F. B. I. extension school. The chief of police has also had a course in the prevention of juvenile delinquency.

The mayor presides at all trials for minor offenses, other cases being remanded to county officials. Approximately one hundred cases are heard each year by the mayor. Fines seldom exceed the minimum fee of \$1.00.

The Police Department is provided with a car for patrol duty.

**RECREATION**  
The legal government provided no recreational facilities but has recently passed an ordinance to appoint five persons to serve on a municipal recreation board. The duty of this honorary board will be to plan for a public sand beach, pier, playground, etc.

At present there is a public playground between Booker and Sycamore Streets, provided by a woman's civic club. There is also a large and well-equipped Youth Center on the highway opposite Bay High School. The Youth Center, under the supervision of a board of local citizens, is in charge of a trained director, and open to all young people between the ages of twelve to twenty.

Opportunities are ample for swimming, boating, and both salt-water and fresh-water fishing. The newly built Yacht Club, provides excellent recreational advantages for its members and their guests.

There are three movie theatres in Bay St. Louis, one of them a drive-in. There is also an active Little Theatre, whose plays are open to the public.

The government of Bay St. Louis does not provide any protection or assistance to people's housing. No statute covers sanitation, zoning, a building code, or local housing authority.

Application has been made for federal funds to build quarters for people in the low income bracket, in a slum clearance project.

Some supervision is given through the right to issue building permits. A permit is rejected only when residents in the vicinity petition its withdrawal. The only regulation regarding local housing is one provided by the Public Health Department of Mississippi which has the power to compel some owners to install toilets when the health of others is endangered.

## STREETS, TRANSPORTATION AND TRAFFIC

The Commission Council is responsible for the paving and maintenance of the streets, and the placement of street signs and lights. The program is financed by revenue from the ad valorem tax. The traffic problem is not so much that of rush hours, but of seasonal increase. Especially during the summer season, parking facilities in the commercial districts are inadequate.

The State Highway Commission plans, builds and maintains the highway that goes through the city.

## PUBLIC HEALTH AND SANITATION

There is no city health department, but there is a County Health Department responsible to the

State. Its greatest efforts are made to prevent epidemics and to educate the public in nutritional and preventive fields. Our County Board of Health consists of a doctor, a nurse, and a sanitarian.

The local hospital, which is operated by the King's Daughters and Sons, has seventeen beds and six bassinets. This is the only hospital in Hancock County, though of more than twelve thousand. No hospital facilities are available for colored patients in this county. There is no public clinic for people of low income.

The P. T. A. holds a pre-school clinic annually, but there is no school nurse or school doctor. Our schools do not require medical or dental examinations for the children.

Bay St. Louis has five licensed physicians (including the Public Health doctor), three licensed dentists, and four drug stores.

The disposal of sewage is an individual one by the use of septic tanks and cesspools. (The beach front has drainage pipes emptying into the waters of the Bay. Some people "tie in" to the drains and dispose of the refuse in this way.)

Garbage is collected without charge twice a week by City trucks.

## PUBLIC WELFARE

Public welfare is a state function in our community. The local officials consist of a board made up of a member from each beat in the county. These members are appointed by the governor of the state and pass on all the applicants for Old Age Assistance, Aid to Dependent Children, and Aid to the Needy Blind. These three assistance programs are carried out by an office force of an agent, who has charge of the office, a case visitor, a child welfare worker, two full time stenographers, and one part time stenographer.

The Department of Public Welfare administers aid to dependent children by grants of \$15.00 for the first child, \$10.00 for the second child, and \$5.00 for all other children in the family groups. Crippled children are referred to the Crippled Children's Clinic in Jackson.

Hancock County has twenty blind recipients of aid, who receive an average grant of \$25.00. They are also given training, and are set up in their own business through the Blind Division of the State Department of Public Welfare.

In the case of Old Age assistance, the average grant is \$19.00. More than 300 needy aged are receiving help in this county.

## SOUTHERN BELL RURAL SERVICE SHOWS BIG GAIN

Jackson, Miss.—Telephone bells are beginning to ring in all rural sections of Mississippi. The new installations are of the modern dial system and not old crank-type telephones.

Expansion of service in the rural areas, however, is not entirely a recent program of Southern Bell Telephone and Telegraph Company. It has been moving in those areas as fast as possible following World War II.

Proof of that is a comparison of what was offered up to 1945 and available as of last October. At the end of 1945, Southern Bell was furnishing service to 8,035 rural customers in Mississippi.

By the end of October the number had increased to 32,405, or an increase of 24,070 rural connections for a gain of 289 per cent.

By the end of 1950, Southern Bell will have added 7,000 rural stations.

It is taking money in the seven figure group to expand into the rural areas, not to take into consideration that needed for urban developments. Through 1950, the company will have spent \$7,500,000 for rural lines, of which \$2,000,000 is being spent in the current year.

During 1951, with the rural program accelerated, Southern Bell will add 7,500 stations at a cost ranging from \$2,000,000 to \$2,500,000.

Attention is centered on rural service by Southern Bell because it is in keeping with Mississippi's progress and development in agriculture and the attendant increased income of farmers. Demands for rural service are highest in history and the company is moving rapidly to meet them all.

Major problem, other than need for additional funds through investments by those desirous to place their money in properties guaranteeing them a "fair" return, involved in serving telephone subscribers on the farms is the matter of distance—distance between subscribers and the central offices. Another factor is the ability to secure new facilities, new buildings and to enlarge present ones for the expanding service.

Officials of Southern Bell explained that funds for these new facilities are not provided by the monthly receipts from customers. "Such monthly receipts pay wages, taxes, depreciation and other day-to-day expenses," they said. "Funds for additional facilities, such as expansion into rural areas, must be raised through earnings that are sufficient to persuade those with savings to put their funds into the telephone business."

At present, more than 100 rural projects are in progress. A large number of these projects will be served from existing exchanges by addition of pole lines and wire, while others will be served by dial switching units installed at some center location in a community to serve the rural customers in the community.

## Serving In Korea

Pfc. Rudolph R. Morel is fighting with the First Rocks Division in Korea.

Morel, the youngest son of Mr. and Mrs. Hamilton Morel, is a brother of Mrs. Leroy Luke of this city.

and the surrounding areas.

Four of the dial switching units have been placed in service to Church in Jefferson County; Sturgis in Oktibbeha County; Handle in southeast Winston County, and Vancleave in Jackson County.

Work is underway to provide similar dial switching units for Estessmill, Salem, Hays, Damascus, Freney, Tuscola, Good Hope, Figtown, Lena, Walnut Grove, Edinburg, Free Trade, Standing Pine, St. Ann, Ludlow, Madden, Bertie and Rosebud in Leake County; Weir in Choctaw County; Schlatter, Minter City, Money, Phillip, Snellmond and Highland in northwest Leflore County; Sledge in Panola County; Brooks in Monroe County; Horley in Jackson County; and Benton in Yazoo County.

Plans are being studied covering installation of several other dial switching units in Mississippi which not only provide service for the people in their immediate location, but for a wide area by lines radiating from them.

In its rural expansion program, Southern Bell Telephone and Telegraph Company has a number of joint-use agreements with Rural Electric associations, and a full agreement with the Mississippi Power Company for use of their poles to string these lines.

In addition to the service provided by Southern Bell, there are 46 independent or local telephone companies serving various areas in Mississippi.

## DRIVERS SPEED IN SCHOOL ZONE

Many drivers pay little or no attention to traffic signs and members of the Bay High Safety Patrol according to Roger Peyton, captain of the patrol.

Drivers often exceed the speed limit in the school zone, Captain Peyton said. The members of the patrol urge all drivers to cooperate in making school zones safe for the children of the city.

The Safety Patrol consists of two patrolmen, one lieutenant, and one captain. Members of the patrol are Roger Peyton, captain, Oren Bounds, lieutenant, Arthur Jean Freau, Jr., and Shelton Preveau, patrolmen.

The oil painting, painted and donated by Mrs. E. M. Heath, will be awarded Saturday, December 23. An account of the orphans assigned to the Altar society was given by Mrs. E. A. Yates, chairman.

## VETERAN'S WIDOW GETS DEBT-FREE FARM

Mrs. William Sanderson, Rt. 3, Carthage, widow of a young World War II veteran, this week became the first beneficiary of an unusual group life insurance program initiated by the Veterans Farm & Home Board of Mississippi a few weeks ago. The group insurance, covers the lives of over 1500 veterans who are purchasing their homes or farms with financing of the state agency. Mrs. Sanderson's husband, young Leake county, farmer, was killed when his truck overturned. His widow, holding her 9-month-old daughter, is here presented with a cancelled mortgage to the farm her husband bought only a few months before his death, and also receives \$1,000 in cash.

The presentation is made to Mrs. Sanderson at her small farm home near the Freney community near Carthage by Jack Dale, Executive Director of the Veterans Farm & Home Board, Jackson.

## You Can't Build A Better Mousetrap!

"They're not the best-looking boards a man ever had," Hack Turner said one day "and they've got awful tempers. But I've found it pays to have 'em around."

Hack was talking about a family of barn owls, nesting in his little white-faced screechers kill chickens—and ought to be shot on sight. But Hack disagreed.

"Up at State University they've studied barn owls for years—and never known one to eat a chicken. On the other hand, a daddy owl will clean up around 800 mice a month. Farmers that

## RED CROSS NOTES

A special meeting of the executive board members of the Hancock County Chapter of the American Red Cross will be held in the Courthouse Thursday, November 30, at 7:30 p. m.

Francis P. Simerville, representative from National headquarters of the American Red Cross, will hold an informal discussion of the current overall program of the organization.

Every board member is urged to attend this important meeting.

The monthly party for veterans of the Gulfport Veterans Administration hospital will be given at the Youth Center Tuesday, November 28. Hostesses for the afternoon will be members of the Bay High P. T. A., Mrs. S. J. Mauffray, president, announced.

Mr. Dan Goldsmith, 3024 Curran Road, Louisville, Ky., owner of Goglia Cut Rate Store at 935 West Broadway, says there just aren't enough words in the English language to praise HADACOL correctly. He says he knows most folks don't realize what a change HADACOL can make in their life if their systems are deficient in Vitamins B, B<sub>12</sub>, Iron and Niacin. Here is his story:

"Before I was run down and had a hard time sleeping nights. With my work in the store I have to spend sometimes 14 hours a day on my feet. Since I am in the retail business I saw how many folks were asking for HADACOL so I decided to try it myself. After the first couple of bottles I could tell a definite improvement. Now I have all the pep and energy in the world, my nerves are steady as ever and I really do get a good night's rest. HADACOL is wonderful—I not only take it, but recommend it to all my customers. I praise the day I met Dudley J. LeBlanc, the man who brought HADACOL to the market."

Thousands are benefiting from HADACOL... whose systems lack Vitamins B, B<sub>12</sub>, Iron and Niacin. HADACOL is so wonderful because HADACOL helps build up the hemoglobin content of your blood (when iron is needed) to carry these great Vitamins and Minerals to every body organ—to every part of the body.

Give remarkable HADACOL a chance and if you don't feel better with the first few bottles you take—you get your money back. Only \$1.25 for Trial Size; Large Family or Hospital Size, \$3.50. If your druggist does not have HADACOL, order it direct from The LeBlanc Corporation, Lafayette, Louisiana. ©1950, The LeBlanc Corporation.

## L. W. V.'s Finance Drive Progresses

Miss Elsa Mauffray, vice-chairman of the finance drive for the Provisional League of Women Voters, reports that the campaign is meeting with a gratifying response.

One of the requirements of the national league is that each local unit augment its treasury with contributions from interested citizens. This does not mean an over-all soliciting for funds; only a few civic-minded people will be approached each year. It is hoped that the league will continue with its publications, and this is one of the purposes for which it is necessary to have funds.

Two study groups met Thursday and Friday of last week. Thursday, one unit studied the national budget, and the fight against inflation. This group met at the home of Mrs. Ernest C. Sambel. Mrs. John McDonald and Mrs. John Bell are co-chairmen of this unit. Anyone interested in attending the next meeting should call either Mrs. McDonald or Mrs. Bell.

The second group, which is studying the UN, is under the leadership of Mrs. John Husband. This meeting was held at the home of Mrs. Joseph Schaff, who gave a talk on the inception of the UN, and read its charter. Mrs. C. C. McDonald answered questions put to her by the group. Those in attendance included Mrs. Husband, Mrs. Schaff, Mrs. McDonald, Mrs. M. Kohler, Mrs. L. Oxenham, Mrs. E. Yates, Mrs. P. Miller, Mrs. E. Samuel, Mrs. F. Reindl and Mrs. Nina Stillwell. Ladies interested in attending the UN study sessions should contact Mrs. Husband at 242-R.

## Favre And Scaffidi To Run For S. L. C.

Hammond, La., November 24—Southeastern Louisiana College's cross-country team, under the tutelage of Coach Donald Harper, will meet Loyola University and Southwestern Louisiana Institute in a three-way race of four miles in New Orleans' City Park stadium December 9.

The run for the Lions and their traditional track and field rivals is the first for three institutions and emphasizes the growing importance of track and field events in the Gulf States Conference, Harper said.

Little is known of the strength of the Wolfpack or Bulldogs, but both track and field teams have been strong in the past.

Coach Harper in a pre-meet race for his squad looked over a likely group of 14 harriers. They are William Casey, Chicago, Illinois; Allen Bostick, James Berry, and Emmett Rogers, all of New Orleans; Digby Palmer and Robert Palmer, Amite; Carol Leggett and Carter Doughty, Holden; Jeff Favre, Bay St. Louis; Anthony Panarese, Boston, Massachusetts; Toby Scaffidi, Bay St. Louis; Ibin Caeceres, Puerto Rico; Jack Ott, Watson; and Robert Allen, Hammond.

The group of 30 mixed lions and tigers simultaneously worked by Clyde Beatty, famous star of the Jerusalem Temple Shrine Circus, opening at the Municipal Auditorium November 23, is the largest collection of wild beasts ever to be presented in one arena.
